The Actors Fund is a national human services organization that fosters stability and resiliency, and provides a safety net for performing arts and entertainment professionals over their lifespan. Through offices in New York, Los Angeles and Chicago, The Fund serves everyone in film, theater, television, music, opera, radio and dance with programs including social services and emergency financial assistance, health care and insurance counseling, housing, and secondary employment and training services.

The Actors Fund has long supported the dance community in managing the demands of a life in dance. Through Career Transition For Dancers, a program of The Actors Fund, we enable dancers to define their career possibilities while developing the skills necessary to excel in a variety of disciplines in order to thrive during all phases of their careers. We salute Career Transition For Dancers on its 35th Anniversary.
